Whenever a situation warrants the takeover of an established service from TOTOA by a municipality, would the Ministry of Transportation, in the interest of promoting the use of public transportation, direct TOTOA to negotiate such takeover only if the existing level of service, including frequency, is to be maintained, enlarged, or otherwise improved but not reduced or eliminated. *Tabled October 22nd, 1979.*

26. *Mr. Smith* (Hamilton West)—Resolution—The Legislature of Ontario requests that the Government of Canada be urged to use every effort and means to secure the release of Yuriy Shukhevych and Lev Lukianenko from Soviet imprisonment and the compliance of the Government of the USSR with the letter and spirit of the Helsinki accords and the Charter of Human Rights.

Expresses its deep concern that such increases will greatly harm the consumers of Ontario and Canada generally, and will have a serious inflationary and recessionary effect on the Ontario economy; 2. Opposes any increase at this time in the prices of crude oil and of natural gas which results in windfall revenues and profits for the petroleum industry and the producing provinces; 3. Endorses the policy of one base price for crude oil across Canada and the subsidization of foreign imports of crude oil which that policy entails; 4. Supports the use of public funds for a greatly expanded program for energy conservation and the development of renewable energy supplies and systems; 5. Advocates, as interim measures, the imposition of federal excise taxes on crude oil and natural gas for the purpose of subsidizing imports and funding energy conservation and renewable energy programs; 6. Urges that such excise taxes be kept in place pending review and reform of the federal government's Equalization Policy and payments, with particular regard to the grossly inadequate weight now given to provincial oil and gas revenues as a factor in the Equalization

Formula. And further, that the Legislative Assembly requests Mr. Speaker to transmit this Resolution forthwith to the Government and Parliament of Canada, and requests the Government of Ontario, in its discussions with the governments of Canada and other provinces to reflect the views expressed herein diligently and in good faith.

Whenever a situation warrants the takeover of an established service from TOTOA by a municipality, would the Ministry of Transportation, in the interest of promoting the use of public transportation, direct TOTOA to negotiate such takeover only if the existing level of service, including frequency, is to be maintained, enlarged, or otherwise improved but not reduced or eliminated. *Tabled October 22nd, 1979.*

NOTICES

PRIVATE MEMBERS' MOTIONS

3. *Mr. Wildman*—Resolution—That, in the opinion of this House, the Government should introduce legislation amending The Retail Sales Tax Act to provide a specific exemption from retail sales tax to the purchaser of non-portable storage devices such as bins, storage containers and silos that are designed for farm use and purchased by a person engaged in the business of farming.
5. *Withdrawn.*
10. *Mr. Reid* (Rainy River)—Resolution—That this House is in favour of setting up a Joint Committee with the States of the United States along Ontario's borders for purposes of discussing mutual problems.
11. *Mr. Kennedy*—Resolution—That in the opinion of this House The Election Act should be amended to reduce the maximum period of time for a general election to thirty days.
12. *Mr. Smith* (Hamilton West)—Resolution—The Legislature of Ontario requests the Parliament of Canada to issue a statement in condemnation of the crime of genocide perpetrated against the Armenian people by the Government of Turkey in existence during World War I.
14. *Mr. Nixon*—Resolution—That this House approve of the implementation of a new Ontario Disaster Relief Programme funded on the basis of the needs of the communities concerned, and that a system of Government supported flood insurance be established covering property in the flood plains.
15. *Withdrawn.*
16. *Mr. Makarchuk*—Resolution—That in the opinion of this House legislation should be introduced by the Government of Ontario to provide financial recompense to Canadian businesses when the provincial government or institutions which receive more than 50% of their funding from the public do not purchase, goods, food, or services which are available from Canadian sources and which are no more than 10% more expensive than similar goods, foods or services available from non-Canadian sources.
24. *Mr. Bounsall*—Resolution—That this House urge the Government of Ontario to implement immediately in legislation as amendments to the Ontario Human Rights Code, all the recommendations contained in the Ontario Human Rights Commission Report—*Life Together: A Report on Human Rights in Ontario*—particularly inasmuch as it has now been two years since that report was received, and almost five years since one Minister of Labour committed the Government to introducing amendments at the next session.
26. *Mr. Smith* (Hamilton West)—Resolution—The Legislature of Ontario requests that the Government of Canada be urged to use every effort and means to secure the release of Yuriy Shukhevych and Lev Lukianenko from Soviet imprisonment and the compliance of the Government of the USSR with the letter and spirit of the Helsinki accords and the Charter of Human Rights.

27. *Mr. Haggerty*—Resolution—That, in the opinion of this House, no approval be granted for any permanent nuclear waste repository in Ontario, without the specific approval of the Ontario Legislature.
28. *Mr. Renwick*—Resolution—That, nearing a time of crisis and decision for Canada, a Committee of this House be named immediately to review the present proposals and positions of this government in relation to national unity and related constitutional issues, so that the position of this House may be made clear, particularly as the positions of the governments, Federal and Provincial, of the Task Force on Canadian Unity and other concerned interested bodies have now been published; and that the Committee be required to recommend to this House the policy and proposals for Ontario which will best ensure the continuing unity of Canada; the said Committee to report not later than December 31, 1979.
30. *Mr. Cassidy*—Resolution—That this House calls on the Government of Canada to keep PetroCanada as a viable, publicly-owned and fully-integrated national oil company and not to permit any of its operations to be sold into private hands.
31. *Mr. Smith (Hamilton West)*—Resolution—That the Legislative Assembly of Ontario, noting reports that the Government of Canada intends to increase the price of domestic crude oil by as much as \$5 a barrel, and the price of natural gas by a corresponding amount on an energy equivalent basis, 1. Expresses its deep concern that such increases will greatly harm the consumers of Ontario and Canada generally, and will have a serious inflationary and recessionary effect on the Ontario economy; 2. Opposes any increase at this time in the prices of crude oil and of natural gas which results in windfall revenues and profits for the petroleum industry and the producing provinces; 3. Endorses the policy of one base price for crude oil across Canada and the subsidization of foreign imports of crude oil which that policy entails; 4. Supports the use of public funds for a greatly expanded program for energy conservation and the development of renewable energy supplies and systems; 5. Advocates, as interim measures, the imposition of federal excise taxes on crude oil and natural gas for the purpose of subsidizing imports and funding energy conservation and renewable energy programs; 6. Urges that such excise taxes be kept in place pending review and reform of the federal government's Equalization Policy and payments, with particular regard to the grossly inadequate weight now given to provincial oil and gas revenues as a factor in the Equalization Formula. And further, that the Legislative Assembly requests Mr. Speaker to transmit this Resolution forthwith to the Government and Parliament of Canada, and requests the Government of Ontario, in its discussions with the governments of Canada and other provinces to reflect the views expressed herein diligently and in good faith.
32. *Mr. Jones*—Resolution—That in the opinion of this House the Government consider adopting a procedure of payment to suppliers to the Government of goods and services of a value of \$100 or less whereby the Government enclose an executed blank cheque with the purchase order to the supplier. *To be debated November 1st, 1979.*
33. *Mr. Kennedy*—Resolution—That the Government declare an annual Small Business Week in Ontario for the purpose of informing the public of the key

role of small business in our economy as employer, producer, taxpayer; to promote better understanding of the dependencies between small business, big business, government, and the public; The week to supplement and support the present small business activities that are ongoing throughout the year and to include seminars, information sessions, meetings with government, bankers, business consultants, and to discuss other related matters that would assist both existing and potential small business in management, financing, production, and marketing, as well as offering assistance toward increasing opportunities for small business; That associated with this week there be developed a journal that would summarize all programmes and assistance available to small business and be capable of easy updating; That there be developed a universally recognized symbol that would aid in coordinating the roles of these participants and in disseminating information among them; The Government to launch the week through a forum sponsored in cooperation with big business such as banks, industry, and the news media and also at this initial forum there be established a medium for the ongoing annual small business weeks.

34. *Mr. Cureatz*—Resolution—That, in the opinion of this House, the Government of Ontario should request the Atomic Energy Control Board to commission a study to analyze the likelihood and consequences of a catastrophic accident, such as a nuclear meltdown in a nuclear reactor, or radiation escape, but if, within six months of the date of the request, the Atomic Energy Control Board has not commissioned such a study, the Government of Ontario should undertake the study on its own initiative. *To be debated November 8th, 1979.*
 35. *Mr. Blundy*—Resolution—That in the opinion of this House the Government consider the licensing and regulation of Rest Homes (domiciliary care homes) in Ontario. *To be debated November 15th, 1979.*

Since it is the proclaimed commitment of the Ministry of Transportation and Communications, that public transportation be established and ridership encouraged, particularly in urban areas, would the Minister intervene in the agreement being negotiated between TOTOA and the municipalities of Richmond Hill and Markham so that in its deliberations TOTOA will be mindful of and be required to give effect to that commitment. 2. Where a convenient GO Transit bus route along Bayview Avenue has already been established, why would the Ministry of Transportation and Communications allow TOTOA to enter any agreement with the aforementioned municipalities which would seriously impair the commitment of the Ministry to public transportation, and so drastically reduce the existing service as to virtually eliminate it and thereby discourage its use. 3. Will the Minister further indicate whether any allowance for sabbatical leave, over and above the cash settlement, was made. Will the Minister in addition report the total cost of all financial and other benefits granted to Dr. Colvin, and indicate what portion of these costs was met by Fanshawe College and what portion was provided by the Ministry of Colleges and Universities. *Tabled November 1st, 1979.*
340. *Mr. Cassidy*—Enquiry of the Ministry—Will the Ministry table information on the length of highway noise barriers installed in Ottawa, Metropolitan Toronto, London, Windsor and Hamilton, indicating the proportion of the barriers in each city which run through, (a) residential, and (b) recreational areas. *Tabled November 1st, 1979.*
341. *Mr. Stong*—Enquiry of the Ministry—Since it has been more than 16 months since the Town of Richmond Hill passed By-Law 81-78 which amended the Town's Official Plan, and since it was urgent that this by-law be approved as quickly as possible because the Town wished to have services in place in a new industrial area created by this by-law by 1981, and in order to balance its assessment the Town of Richmond Hill impressed upon the Minister's office the necessity of having the by-law approved immediately, would the Minister explain why there has been a 16 months' delay in having this by-law approved by the Ontario Municipal Board. Since the delay in approval does not appear to lie with the Ontario Municipal Board, would the Minister assure that all efforts are being made to attend the urgency of this matter. In light of the criticism levied by the Comay Report at delays in hearings by the Ontario Municipal Board, would the Minister demonstrate to the Town of Richmond Hill that the delays for having By-Law 81-78 passed by the Ontario Municipal Board are not caused by his office. *Tabled November 1st, 1979.*

328. *Mr. Breaugh*—Enquiry of the Ministry—Would the Minister of Health indicate for the last three fiscal years which hospitals have appealed for additional funds, what were the reasons for such appeals, how much was requested, how long did it take the Ministry to consider the appeal, and how much did the Ministry give in each specific case. *Tabled October 25th, 1979.*
329. *Mr. Ziembra*—Enquiry of the Ministry—Will the Minister list all schools with asbestos fireproofing indicating the condition of the asbestos. *Tabled October 26th, 1979.*
330. *Mr. MacDonald*—Enquiry of the Ministry—What payment has been made, or committed, by the Inquiry into Discounting and Allowances in The Food Industry in Ontario to Laventhal & Horwath, Management Consultants; and specifically, what payment has been made, or committed, for that firm's report entitled *Brief Analysis for the Royal Commission of Inquiry into Discounting and Allowances in the Food Industry in Ontario*, dated October, 1979. *Tabled October 29th, 1979.*
331. *Mr. Reid (Rainy River)*—Enquiry of the Ministry—Could the Ministry inform the House how many regulations have been passed in the years 1977, 1978, 1979, until September 30th. How many regulations have been rescinded in 1977, 1978, 1979, until September 30th. *Tabled October 30th, 1979.*

332. *Mr. Reid* (Rainy River)—Enquiry of the Ministry—How many decisions of the Ontario Municipal Board have been overturned by the Cabinet for 1977, 1978 and 1979, until September 30th. What was the reason the Cabinet overturned the decision of the Ontario Municipal Board in regard to the City of Thunder Bay Restricted Area By-law Number 209-1978. *Tabled October 30th, 1979.*
333. *Mr. Mackenzie*—Enquiry of the Ministry—Would the Solicitor General inform the House as to the number and rank of OPP officers and the number and rank of municipal police officers and the daily costs for each group, who have been assigned to the picket line, or held in reserve near the site, on each day since the strikes started at: (a) Radio Shack, Barrie, (b) Boise Cascade, Fort Frances, Kenora, (c) Butcher Engineering, Brampton, (d) Canadian Gypsum, Hagersville. *Tabled October 30th, 1979.*
334. *Ms. Gigantes*—Enquiry of the Ministry—On page 24 of *Ontario Energy Review* the net energy cost of electricity from Pickering A generating station in 1978 is quoted as being 10.1 mills/kilowatt hour. Could the Minister of Energy table the information on which the calculation of this figure is based. *Tabled October 30th, 1979.*
335. *Ms. Gigantes*—Enquiry of the Ministry—The policy paper on *Energy Security for the Eighties* says meeting the target of 5% of primary energy from renewable sources (excluding current hydro-electric capacity) by 1995 will cost \$16 billion. Could the Minister of Energy table all studies used to arrive at this cost figure. *Tabled October 30th, 1979.*
336. *Mr. Isaacs*—Enquiry of the Ministry—Will the Minister provide copies of all proposed amendments to The Environmental Protection Act and to The Environmental Assessment Act which are intended to reduce duplication of hearings and for which the Minister, according to his statement to the Standing Committee on Resources Development on October 24th, 1979, has received Cabinet approval. *Tabled November 1st, 1979.*
337. *Mr. Isaacs*—Enquiry of the Ministry—Will the Minister provide copies of all proposed amendments to The Environmental Protection Act and to The Environmental Assessment Act which are intended to permit parties other than the applicant to appeal orders of the Director of Environmental Approvals and decisions or recommendations of the Environmental Assessment Board and which the Minister, according to his statement in the Legislature during the afternoon of October 23rd, 1979, has coming forth in the not-too-distant future. *Tabled November 1st, 1979.*

Will the Minister further indicate

whether any allowance for sabbatical leave, over and above the cash settlement, was made. 340. *Mr. Cassidy*—Enquiry of the Ministry—Will the Ministry table information on the length of highway noise barriers installed in Ottawa, Metropolitan Toronto, London, Windsor and Hamilton, indicating the proportion of the barriers in each city which run through, (a) residential, and (b) recreational areas. *Tabled November 1st, 1979.*
341. *Mr. Stong*—Enquiry of the Ministry—Since it has been more than 16 months since the Town of Richmond Hill passed By-Law 81-78 which amended the Town's Official Plan, and since it was urgent that this by-law be approved as quickly as possible because the Town wished to have services in place in a new industrial area created by this by-law by 1981, and in order to balance its assessment the Town of Richmond Hill impressed upon the Minister's office the necessity of having the by-law approved immediately, would the Minister explain why there has been a 16 months' delay in having this by-law approved by the Ontario Municipal Board. Since the delay in approval does not appear to lie with the Ontario Municipal Board, would the Minister assure that all efforts are being made to attend the urgency of this matter. In light of the criticism levied by the Comay Report at delays in hearings by the Ontario Municipal Board, would the Minister demonstrate to the Town of Richmond Hill that the delays for having By-Law 81-78 passed by the Ontario Municipal Board are not caused by his office. *Tabled November 1st, 1979.*
342. *Mr. Isaacs*—Enquiry of the Ministry—Will the Minister of Agriculture and Food introduce a provincial programme of labelling for chicken. If the answer is other than in the affirmative, will the Minister provide reasons that are more convincing than the difficulty of labelling, given that it would appear to be no more difficult to label chicken than to label carrots. *Tabled November 2nd, 1979.*
343. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry provide in tabular form a listing of the 5-year survival rates for districts reforested with Nursery Stock and Tubed Seedlings. 334. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry provide a detailed breakdown of the latest stocking levels for each MNR region in Ontario. Will the Ministry present this information by regeneration method and working group. *Tabled November 2nd, 1979.*
345. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry outline in detail the total amount of money spent on public relations, including radio, television and newspaper advertising, to justify the aerial spraying program in northern Ontario. Which newspapers, radio and television stations carried such advertising. Was the program designed internally by Ministry personnel, or by an advertising agency. If the latter, which agency, and at what cost. Will the

Ministry also advise how much was spent on producing the booklet entitled "In Answer to your Concerns about Aerial Spraying in Northern Ontario Forests". How many booklets were printed. How many were requested by individuals or groups. How many are in government stock. Why did the advertising campaign begin only after the spray program started, rather than in advance of it. What is the Ministry's estimate of the number of people who have been convinced that spraying with Matacil and 2-4-D is beneficial, by the government's expenditure of funds on a public relations program. *Tabled November 2nd, 1979.*

28. *Mr. Renwick*—Resolution—That, nearing a time of crisis and decision for Canada, a Committee of this House be named immediately to review the present proposals and positions of this government in relation to national unity and related constitutional issues, so that the position of this House may be made clear, particularly as the positions of the governments, Federal and Provincial, of the Task Force on Canadian Unity and other concerned interested bodies have now been published; and that the Committee be required to recommend to this House the policy and proposals for Ontario which will best ensure the continuing unity of Canada; the said Committee to report not later than December 31, 1979.
30. *Mr. Cassidy*—Resolution—That this House calls on the Government of Canada to keep PetroCanada as a viable, publicly-owned and fully-integrated national oil company and not to permit any of its operations to be sold into private hands.
31. *Mr. Smith* (Hamilton West)—Resolution—That the Legislative Assembly of Ontario, noting reports that the Government of Canada intends to increase the price of domestic crude oil by as much as \$5 a barrel, and the price of natural gas by a corresponding amount on an energy equivalent basis, 1. Expresses its deep concern that such increases will greatly harm the consumers of Ontario and Canada generally, and will have a serious inflationary and recessionary effect on the Ontario economy; 2. Opposes any increase at this time in the prices of crude oil and of natural gas which results in windfall revenues and profits for the petroleum industry and the producing provinces; 3. Endorses the policy of one base price for crude oil across Canada and the subsidization of foreign imports of crude oil which that policy entails; 4. Supports the use of public funds for a greatly expanded program for energy conservation and the development of renewable energy supplies and systems; 5. Advocates, as interim measures, the imposition of federal excise taxes on crude oil and natural gas for the purpose of subsidizing imports and funding energy conservation and renewable energy programs; 6. Urges that such excise taxes be kept in place pending review and reform of the federal government's Equalization Policy and payments, with particular regard to the grossly inadequate weight now given to provincial oil and gas revenues as a factor in the Equalization Formula. And further, that the Legislative Assembly requests Mr. Speaker to transmit this Resolution forthwith to the Government and Parliament of Canada, and requests the Government of Ontario, in its discussions with the governments of Canada and other provinces to reflect the views expressed herein diligently and in good faith.
33. *Mr. Kennedy*—Resolution—That the Government declare an annual Small Business Week in Ontario for the purpose of informing the public of the key role of small business in our economy as employer, producer, taxpayer; to promote better understanding of the dependencies between small business, big business, government, and the public; The week to supplement and support the present small business activities that are ongoing throughout the year and to include seminars, information sessions, meetings with government, bankers, business consultants, and to discuss other related matters that would

assist both existing and potential small business in management, financing, production, and marketing, as well as offering assistance toward increasing opportunities for small business; That associated with this week there be developed a journal that would summarize all programmes and assistance available to small business and be capable of easy updating; That there be developed a universally recognized symbol that would aid in coordinating the roles of these participants and in disseminating information among them; The Government to launch the week through a forum sponsored in cooperation with big business such as banks, industry, and the news media and also at this initial forum there be established a medium for the ongoing annual small business weeks.

34. *Mr. Cureatz*—Resolution—That, in the opinion of this House, the Government of Ontario should request the Atomic Energy Control Board to commission a study to analyze the likelihood and consequences of a catastrophic accident, such as a nuclear meltdown in a nuclear reactor, or radiation escape, but if, within six months of the date of the request, the Atomic Energy Control Board has not commissioned such a study, the Government of Ontario should undertake the study on its own initiative. *To be debated November 8th, 1979.*
 35. *Mr. Blundy*—Resolution—That in the opinion of this House the Government consider the licensing and regulation of Rest Homes (domiciliary care homes) in Ontario. *To be debated November 15th, 1979.*
 36. *Mr. Mackenzie*—Resolution—That, in the opinion of this House, the Government of Ontario should take immediate action to provide for the full portability and protection of pension benefit credits and specifically, that the Government of Ontario should introduce legislation that would (a) reduce the vesting period for pension benefits to five years of service, (b) ensure full portability for terminated employees through the establishment of a Government administered Central Pension Agency to which all vested employer contributions and locked-in employee contributions could be transferred and which would maintain records, invest the funds and pay accrued benefits on retirement, and (c) establish a mandatory system of pension plan termination guarantees that would protect the pension benefit credits where private pension plans are terminated, in particular as a result of plant closure or relocation. *To be debated on November 15th, 1979.*
 37. *Mr. Ashe*—Resolution—That in the opinion of the House, the Government should urge the Federal Government of Canada to upgrade the Windsor-Quebec rail corridor to accomodate an electric, LRC (light, rapid, comfortable) train service. *To be debated November 22nd, 1979.*

In light of the criticism levied by the Comay Report at delays in hearings by the Ontario Municipal Board, would the Minister demonstrate to the Town of Richmond Hill that the delays for having By-Law 81-78 passed by the Ontario Municipal Board are not caused by his office. *Tabled November 1st, 1979.*

342. *Mr. Isaacs*—Enquiry of the Ministry—Will the Minister of Agriculture and Food introduce a provincial programme of labelling for chicken. If the answer is other than in the affirmative, will the Minister provide reasons that are more convincing than the difficulty of labelling, given that it would appear to be no more difficult to label chicken than to label carrots. *Tabled November 2nd, 1979.*
343. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry provide in tabular form a listing of the 5-year survival rates for districts reforested with Nursery Stock and Tubed Seedlings. Will the Ministry provide separate figures for the two methods and detail both by species and height class. *Tabled November 2nd, 1979.*
344. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry provide a detailed breakdown of the latest stocking levels for each MNR region in Ontario. Will the Ministry present this information by regeneration method and working group. *Tabled November 2nd, 1979.*
345. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry outline in detail the total amount of money spent on public relations, including radio, television and newspaper advertising, to justify the aerial spraying program in northern Ontario. Which newspapers, radio and television stations carried such advertising. Was the program designed internally by Ministry personnel, or by an advertising agency. If the latter, which agency, and at what cost. Will the Ministry also advise how much was spent on producing the booklet entitled "In Answer to your Concerns about Aerial Spraying in Northern Ontario Forests". How many booklets were printed. How many were requested by individuals or groups. How many are in government stock. Why did the advertising campaign begin only after the spray program started, rather than in advance of it. What is the Ministry's estimate of the number of people who have been convinced that spraying with Matabacil and 2-4-D is beneficial, by the government's expenditure of funds on a public relations program. *Tabled November 2nd, 1979.*
346. *Mr. Isaacs*—Enquiry of the Ministry—How many applications against decisions of the Ontario Municipal Board resulted in court hearings in each of the years 1977 and 1978. What was the nature of each application. In how many of these cases did the court rule in favour of the applicant and against the Ontario Municipal Board. *Tabled November 5th, 1979.*
347. *Mr. Isaacs*—Enquiry of the Ministry—Would the Minister provide the guidelines that are issued to his staff concerning obstruction of one or more lanes of the Queen Elizabeth Way. Will the Minister indicate clearly what steps are taken to minimize inconvenience and delay to drivers using that highway. *Tabled November 5th, 1979.*

348. *Mr. McClellan*—Enquiry of the Ministry—Will the Minister of Community and Social Services inform the House: 1. How many children under 18 are resident in Schedule I facilities; how many in Schedule 2 facilities. How many of children in (a) Schedule I facilities and (b) Schedule 2 facilities are deaf, blind, or deaf-blind, and of these, how many children in (a) Schedule I and (b) Schedule 2 facilities have been registered by the CNIB. 2. How many children in (a) Schedule I and (b) Schedule 2 facilities are being provided special programmes for the blind, deaf, or deaf-blind. 3. How many professional staff are there, in addition to nurses, in each of the Schedule 2 facilities; what is their area of expertise. How many staff are there in each Schedule 2 facility who are qualified to work with blind, deaf and deaf-blind residents. 4. How many of the blind, deaf or deaf-blind children in (a) Schedule I facilities and (b) Schedule 2 facilities are capable of benefitting from specialized community programmes eg. at Brantford, Milton. 5. How many staff consultants in programme for blind, deaf or deaf-blind children are employed by the Ministry. On how many and which specific occasions have these consultants visited Schedule 2 facilities in the past year to advise on and/or monitor the progress of children in special programmes. 6. Will the Ministry identify the Schedule 2 facilities with special programs for multi-sensory handicapped. How many Schedule 2 facilities are planning to introduce such programmes in 1980. *Tabled November 5th, 1979.*

336. *Mr. Isaacs*—Enquiry of the Ministry—Will the Minister provide copies of all proposed amendments to The Environmental Protection Act and to The Environmental Assessment Act which are intended to reduce duplication of hearings and for which the Minister, according to his statement to the Standing Committee on Resources Development on October 24th, 1979, has received Cabinet approval. *Tabled November 1st, 1979.*

337. *Mr. Isaacs*—Enquiry of the Ministry—Will the Minister provide copies of all proposed amendments to The Environmental Protection Act and to The Environmental Assessment Act which are intended to permit parties other

than the applicant to appeal orders of the Director of Environmental Approvals and decisions or recommendations of the Environmental Assessment Board and which the Minister, according to his statement in the Legislature during the afternoon of October 23rd, 1979, has coming forth in the not-too-distant future. *Tabled November 1st, 1979.*

338. *Mr. Isaacs*—Enquiry of the Ministry—Will the Minister state the date upon which an announcement concerning the buffering of the impact of the new equalization factors on General Legislative Grants can be expected. *Tabled November 1st, 1979.*
339. *Mr. Cooke*—Enquiry of the Ministry—Will the Minister of Colleges and Universities inform the House as to whether Dr. James Colvin's legal expenses were paid in whole or part by Fanshawe College of Applied Arts and Technology, in addition to the cash settlement of \$70,000. Will the Minister further indicate whether any allowance for sabbatical leave, over and above the cash settlement, was made. Will the Minister in addition report the total cost of all financial and other benefits granted to Dr. Colvin, and indicate what portion of these costs was met by Fanshawe College and what portion was provided by the Ministry of Colleges and Universities. *Tabled November 1st, 1979.*
340. *Mr. Cassidy*—Enquiry of the Ministry—Will the Ministry table information on the length of highway noise barriers installed in Ottawa, Metropolitan Toronto, London, Windsor and Hamilton, indicating the proportion of the barriers in each city which run through, (a) residential, and (b) recreational areas. *Tabled November 1st, 1979.*
341. *Mr. Stong*—Enquiry of the Ministry—Since it has been more than 16 months since the Town of Richmond Hill passed By-Law 81-78 which amended the Town's Official Plan, and since it was urgent that this by-law be approved as quickly as possible because the Town wished to have services in place in a new industrial area created by this by-law by 1981, and in order to balance its assessment the Town of Richmond Hill impressed upon the Minister's office the necessity of having the by-law approved immediately, would the Minister explain why there has been a 16 months' delay in having this by-law approved by the Ontario Municipal Board. Since the delay in approval does not appear to lie with the Ontario Municipal Board, would the Minister assure that all efforts are being made to attend the urgency of this matter. In light of the criticism levied by the Comay Report at delays in hearings by the Ontario Municipal Board, would the Minister demonstrate to the Town of Richmond Hill that the delays for having By-Law 81-78 passed by the Ontario Municipal Board are not caused by his office. *Tabled November 1st, 1979.*
342. *Mr. Isaacs*—Enquiry of the Ministry—Will the Minister of Agriculture and Food introduce a provincial programme of labelling for chicken. If the answer is other than in the affirmative, will the Minister provide reasons that are more convincing than the difficulty of labelling, given that it would appear to be no more difficult to label chicken than to label carrots. *Tabled November 2nd, 1979.*
343. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry provide in tabular form a listing of the 5-year survival rates for districts reforested with Nursery

Stock and Tubed Seedlings. Will the Ministry provide separate figures for the two methods and detail both by species and height class. *Tabled November 2nd, 1979.*

344. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry provide a detailed breakdown of the latest stocking levels for each MNR region in Ontario. Will the Ministry present this information by regeneration method and working group. *Tabled November 2nd, 1979.*
345. *Mr. Foulds*—Enquiry of the Ministry—Will the Ministry outline in detail the total amount of money spent on public relations, including radio, television and newspaper advertising, to justify the aerial spraying program in northern Ontario. Which newspapers, radio and television stations carried such advertising. Was the program designed internally by Ministry personnel, or by an advertising agency. If the latter, which agency, and at what cost. Will the Ministry also advise how much was spent on producing the booklet entitled "In Answer to your Concerns about Aerial Spraying in Northern Ontario Forests". How many booklets were printed. How many were requested by individuals or groups. How many are in government stock. Why did the advertising campaign begin only after the spray program started, rather than in advance of it. What is the Ministry's estimate of the number of people who have been convinced that spraying with Matabac and 2-4-D is beneficial, by the government's expenditure of funds on a public relations program. *Tabled November 2nd, 1979.*
346. *Mr. Isaacs*—Enquiry of the Ministry—How many applications against decisions of the Ontario Municipal Board resulted in court hearings in each of the years 1977 and 1978. What was the nature of each application. In how many of these cases did the court rule in favour of the applicant and against the Ontario Municipal Board. *Tabled November 5th, 1979.*
347. *Mr. Isaacs*—Enquiry of the Ministry—Would the Minister provide the guidelines that are issued to his staff concerning obstruction of one or more lanes of the Queen Elizabeth Way. Will the Minister indicate clearly what steps are taken to minimize inconvenience and delay to drivers using that highway. *Tabled November 5th, 1979.*
348. *Mr. McClellan*—Enquiry of the Ministry—Will the Minister of Community and Social Services inform the House: 1. How many children under 18 are resident in Schedule I facilities; how many in Schedule 2 facilities. How many of children in (a) Schedule I facilities and (b) Schedule 2 facilities are deaf, blind, or deaf-blind, and of these, how many children in (a) Schedule I and (b) Schedule 2 facilities have been registered by the CNIB. 2. How many children in (a) Schedule I and (b) Schedule 2 facilities are being provided special programmes for the blind, deaf, or deaf-blind. 3. How many professional staff are there, in addition to nurses, in each of the Schedule 2 facilities; what is their area of expertise. How many staff are there in each Schedule 2 facility who are qualified to work with blind, deaf and deaf-blind residents. 4. How many of the blind, deaf or deaf-blind children in (a) Schedule I facilities and (b) Schedule 2 facilities are capable of benefitting from specialized community programmes eg. at Brantford, Milton. 5. How many staff consultants in programme for blind, deaf or deaf-blind children are employed by the Minis-

try. On how many and which specific occasions have these consultants visited Schedule 2 facilities in the past year to advise on and/or monitor the progress of children in special programmes. 6. Will the Ministry identify the Schedule 2 facilities with special programs for multi-sensory handicapped. How many Schedule 2 facilities are planning to introduce such programmes in 1980. *Tabled November 5th, 1979.*

Expresses its deep concern that such increases will greatly harm the consumers of Ontario and Canada generally, and will have a serious inflationary and recessionary effect on the Ontario economy; 2. Opposes any increase at this time in the prices of crude oil and of natural gas which results in windfall revenues and profits for the petroleum industry and the producing provinces; 3. Supports the use of public funds for a greatly expanded program for energy conservation and the development of renewable energy supplies and systems; 5. Advocates, as interim measures, the imposition of federal excise taxes on crude oil and natural gas for the purpose of subsidizing imports and funding energy conservation and renewable energy programs; 6. 15. *Withdrawn.*
16. *Mr. Makarchuk*—Resolution—That in the opinion of this House legislation should be introduced by the Government of Ontario to provide financial recompense to Canadian businesses when the provincial government or institutions which receive more than 50% of their funding from the public do not purchase, goods, food, or services which are available from Canadian sources and which are no more than 10% more expensive than similar goods, foods or services available from non-Canadian sources.
24. *Mr. Bounsall*—Resolution—That this House urge the Government of Ontario to implement immediately in legislation as amendments to the Ontario Human Rights Code, all the recommendations contained in the Ontario Human Rights Commission Report—*Life Together: A Report on Human Rights in Ontario*—particularly inasmuch as it has now been two years since that report was received, and almost five years since one Minister of Labour committed the Government to introducing amendments at the next session.
26. *Mr. Smith* (Hamilton West)—Resolution—The Legislature of Ontario requests that the Government of Canada be urged to use every effort and means to secure the release of Yuriy Shukhevych and Lev Lukianenko from Soviet imprisonment and the compliance of the Government of the USSR with the letter and spirit of the Helsinki accords and the Charter of Human Rights.

28. *Mr. Renwick*—Resolution—That, nearing a time of crisis and decision for Canada, a Committee of this House be named immediately to review the present proposals and positions of this government in relation to national unity and related constitutional issues, so that the position of this House may be made clear, particularly as the positions of the governments, Federal and Provincial, of the Task Force on Canadian Unity and other concerned interested bodies have now been published; and that the Committee be required to recommend to this House the policy and proposals for Ontario which will best ensure the continuing unity of Canada; the said Committee to report not later than December 31, 1979.

Expresses its deep concern that such increases will greatly harm the consumers of Ontario and Canada generally, and will have a serious inflationary and recessionary effect on the Ontario economy; 2. Opposes any increase at this time in the prices of crude oil and of natural gas which results in windfall revenues and profits for the petroleum industry and the producing provinces; 3. Endorses the policy of one base price for crude oil across Canada and the subsidization of foreign imports of crude oil which that policy entails; 4. Supports the use of public funds for a greatly expanded program for energy conservation and the development of renewable energy supplies and systems; 5. Advocates, as interim measures, the imposition of federal excise taxes on crude oil and natural gas for the purpose of subsidizing imports and funding energy conservation and renewable energy programs; 6. Urges that such excise taxes be kept in place pending review and reform of the federal government's Equalization Policy and payments, with particular regard to the grossly inadequate weight now given to provincial oil and gas revenues as a factor in the Equalization Formula. And further, that the Legislative Assembly requests Mr. Speaker to transmit this Resolution forthwith to the Government and Parliament of Canada, and requests the Government of Ontario, in its discussions with the governments of Canada and other provinces to reflect the views expressed herein diligently and in good faith.
33. *Mr. Kennedy*—Resolution—That the Government declare an annual Small Business Week in Ontario for the purpose of informing the public of the key role of small business in our economy as employer, producer, taxpayer; to promote better understanding of the dependencies between small business, big business, government, and the public; The week to supplement and support the present small business activities that are ongoing throughout the year and to include seminars, information sessions, meetings with government, bankers, business consultants, and to discuss other related matters that would

assist both existing and potential small business in management, financing, production, and marketing, as well as offering assistance toward increasing opportunities for small business; That associated with this week there be developed a journal that would summarize all programmes and assistance available to small business and be capable of easy updating; That there be developed a universally recognized symbol that would aid in coordinating the roles of these participants and in disseminating information among them; The Government to launch the week through a forum sponsored in cooperation with big business such as banks, industry, and the news media and also at this initial forum there be established a medium for the ongoing annual small business weeks.

41. *Mr. Breaugh*—Resolution—That, in the opinion of this House, the Government of Ontario should immediately introduce an amendment to *The Health Insurance Act, 1972* that would ensure that a person who is engaged in a lawful strike or lockout or has been discharged from his employment and who was an insured person at the time the strike or lockout commenced or the discharge occurred is able to receive OHIP coverage without the payment of a premium during the period of unemployment.
 42. *Mr. Smith* (Hamilton West)—Resolution—That this House, on behalf of the people of Ontario, requests the Government of Canada to officially recognize and condemn the atrocities committed by the Government of Turkey upon the Armenian people who were victims of persecution and genocide during World War I; and this House, on behalf of the people of Ontario, urges the Government of Canada to make appropriate representations to the General Assembly of the United Nations to recognize and condemn the Armenian genocide and to express the abhorrence of such actions as being in violation of the basic standards of human rights and decency now embodied in the United Nations Declaration of Human Rights; and this House, on behalf of the people of Ontario, recommends to the Government of Canada that it designate the 24th of April in every year hereafter throughout Canada as a Day of Remembrance for the Armenian community, as it has been by the Armenian people for many years in memory of fellow Armenians who suffered such crimes.
